## **TO WHOM IT MAY CONCERN**

I have worked with Brian Little for the past 20 months and to say the least it has been an experience.

Having held executive positions in Shipbuilding, Ship Repair and Heavy Engineering both in the United Kingdom and South Africa for the past 20 years I was most impressed by his grasp of Product knowledge; aerospace to shipbuilding in such a short time. His stamina, enthusiasm and motivation is boundless.

Brian's ability to influence people, management, processes and product design in the most positive fashion served to elevate our competitiveness as a business and marketability as individuals.

Achievement oriented his unstinting commitment is to people, their diversity, their learning and most fulfilling emergence.

I would have no doubt that he will bring success to any venture he involved himself in and wish him every success.

Yours faithfully

**BILL GALLAGHER**  
General Manager
