Subject: Additional documentation

Dear Ms MacIntosh, please find attached my Employment Tribunal documentation pertinent to my letter to Dr Cable which was copied to you last Monday. Whilst I realise that you can take no part in the ET proceedings or judgement, I do believe that it is time to change the legislation to ensure better protection for British whistleblowers working overseas - especially for UK based companies. I would be interested to hear your views on whether such a change in the current legislation is possible and what you might be able to do to help bring it about?

I wonder if you are aware of the current proposals to reform the structure of the FRC? Please find a copy of my response to their consultation paper which also touches on the matter of corrupt practices that I have previously reported.

I look forward to hearing your views as my MP on the FRC consultation paper

Kind regards

Ian Foxley
